Optima is a homozygous polled, homozygous black, true donor prospect. She has the class, the style, the power, the femininity, the pedigree, and the numbers to set a new benchmark for anyone's program. Her donor dam, Portia, is our lead donor. She earned that position by consistently producing outstanding bulls and heifers that combine structural correctness with calving ease, exceptional growth and maternal values, solid carcass merit, and that something special that commands the public's attention. Portia's sons are consistently ranked among the high sellers for the sales they have been presented in. The most notable is Fitz Pol Boxcar S208, the high selling bull of the 2007 Southwest Simmental Group Sale. he was entered in the American Simmental Association Carcass Merit Program in the spring of 2008 with the calves being born in 2009. These calves established Boxcar as the Purebred Performance King of the 2009 Carcass Merit Program. We have never offered one of Portia's heifers for sale. Optima was not to be for sale for any price. Larry and Greg found her and would not let go. They said we needed to commit something special for our inaugural heifer sale. After much arm twisting and a few restless nights, we agreed. We present to you, the very best female from this Upgrade/Portia flush, and quite possibly the best heifer we have ever raised, OPTIMA.

Mr NLC Upgrade U8676 #2474338

Fitz Pol Cleopatra R502 #2246383

Altima is a solid black Upgrade daughter that is moderate framed and walks out with style. She has the capacity and muscle expression to make her a super female with a bright future. Her dam, Cleopatra R502, always brings in a top calf and is a combination of two top cow families.

VSF Miss 926W #9657914

This is the only calf we got out of Frog this year, I wasn't smart enough to AI to him again last spring, but I am not going to make that mistake again. She is good. She is powerful from end to end. She has enough muscle to be shown as a market heifer, but she is still smooth enough to show as a breeding heifer. This is an interesting heifer with an interesting pedigree.

Mirage is a solid black, 3/4 blood Dream On heifer that struts around and poses like she is queen of the world. Her dam is a 1/2 blood 1st calf heifer out of Hired Man and a Meyer/Fleckvieh purebred cow & did a really nice job her first time out. Moderate framed, deep sided, & clean made. We think she will be real competitive showing with the high % heifers & make a good cow when she is done.

DKAA My Turn 01R # 2464935

MSR 30474N of 7002G Phalt #2201969

Lot 34

I'm Next is a solid black, halfblood My Turn heifer with a little splash of white on her forehead. Her dam is a black blaze faced cow we purchased from Harry Moser in Kansas, after a very successful show career and she turned into a cow that always has a very attractive calf. Moderate framed, sowly middled, clean and feminine structured. Come look this one up, you will be glad you did.

**HPF King of Hearts U191 #2476832**

**Circle T Shimmer W60 #2524543**

147 is a very stylish black baldy. She is  
a smooth, well made heifer, with her  
being deep sided, level topped, and  
shape of rib, while still being feminine.  
She moves very freely. Look her  
up...you will like her a lot.
